What Went Wrong, When and Why?

Thu.

African Studies Center - TUFS will hold the 33rd ASC Seminar, inviting Dr. Godfrey Hampway. He is a senior lecturer in the Department of Geography and Environmental Studies at the University of Zambia, and now stays in Japan as our visiting professor. The seminar is jointly organized with Kanto branch of Japan Association for African Studies.

China has supported many African countries including Zambia for their independence and development. However, as the relation between China and Zambia has become more economic since the late 1990s, anti-Chinese sentiments have been often aroused among the public. In the seminar, Dr. Hampway interrogates why Chinese companies have become targets of violent protests.
