

【Important】 Vaccination – Precautions on the day of the vaccination

Students taking the vaccinations at TUFS shall prepare for the vaccination upon understanding the following:

1. On the day of the vaccination, come to the venue in plenty of time.
2. Read thoroughly the “Documents to be downloaded” on the TUFS website.
http://www.tufs.ac.jp/english/NEWS/notice/covid19vaccine_info.html
3. Make sure bring the **Pre-vaccination Screening Questionnaire, vaccination voucher (or Record of Vaccination for COVID-19** for those who haven't received the voucher yet) and the **student card**. (Do not peel off the voucher, bring it as it is sealed on the mount) The Pre-vaccination Screening Questionnaire and the Record of Vaccination must be downloaded from the above URL, completed with the necessary information including the body temperature of the day of the vaccination and bring it with you.(Do not use the pre-vaccination screening questionnaire sent by the municipality)

Additional note:

The English version of the **Pre-vaccination Screening Questionnaire** is available [here](#).

<https://www.mhlw.go.jp/content/000759454.pdf>

However, one may not submit the English version. Please refer to this English version to **answer and submit the Japanese version**.

Those whose temperature reaches 37.5°C or above cannot take the vaccination. In such case, call 042-330-5171.

※ Please note that in case the forms were not filled out by the time of the vaccination, one may not be able to take the vaccination on the scheduled time.

4. On the day of the vaccination, please wear a mask and clothes that make it easy to access your shoulders.

※ You will be inoculated at almost on the border with the shoulder.

5. Please finish using the toilet before entering the venue.

6. After the vaccination, refrain from talking unless necessary, and proceed quickly and in order. Do not wait for your friends or go backwards.
