Japanese Course to Learn with ON-DEMAND Materials

self-paced learning!

This course combines self-study tools with monthly online classes.

This is an online course that students can learn at their own pace using on-demand learning materials. Although self-study by the student is the main part of the course, TUFS will provide the support necessary to ensure the acquisition of Japanese, such as assignments, feedback on them, and once-a-month live lessons.

Recommended for

- Those who have already learned hiragana and katakana among university students, and any other people who are interested in learning Japanese in Japan and overseas.
- Those who feel burdened by online lessons once a week, but can participate once a month.
- Those who want to learn at their own pace, but need support.

learning support

- **Learnig pace support**
There is a test or an assignment once a week.
- **Japanese proficiency support**
We have live lessons once a month.
- **Support for maintaining motivation**
Submitted assignments will be corrected and returned with comments.

Course

Choose the level that suits you from 4 courses and study with a self-study system. You can grasp the learning results by submitting quizzes or assignments every week and live lessons once a month.

You can see the self-study system here.
