This class will help equip students with intercultural competence through international education practices with students from the USA, the Philippines, and Japan. 異文化間能力について、アメリカ、フィリピン、日本の大学と共同で国際教育の実践を通して学ぶ授業です。

What is COIL?

“Collaborative Online International Learning” is a learning method that utilizes online interaction with domestic and international universities to collaborate in and out of the classroom.

オンラインを活用した国際的な双方向の教育手法で教室内外での協働学習が可能となります。

Introducing BEVI (Beliefs, Events, and Values Inventory)

BEVI is an online analytical assessment tool that can objectively measure one's process and outcomes of learning, growth and change. BEVI will be introduced to help visualize the changes that may have occurred within yourself through the COIL program.

BEVIとは学習、成長、変化のプロセスと成果を客観的に測定できるオンライン分析評価ツールです。COIL経験後の変化を可視化するために導入されます。
